Testimonial Letter

On behalf of Nipissing First Nation, this testimonial letter is intended to acknowledge the quality of work and to the customer service we have received over the last twelve (12) years from The Solution Provider Network Inc (SPN Inc).

Customer Service: SPN Inc has always listened to our needs and has often taken the lead about implementing new software applications or upgrading our software based on the work flow of our office. Nicole Boileau has shown us either, by online demonstration or by being directly on-site, software upgrades or suggestions she has recommended to improve the management of our ERP system. SPN Inc is always willing to provide training using remote servicing to complete one-on-one training for individual finance staff, plus SPN Inc comes on-site to do the annual cross training sessions for the entire finance team.

Service: SPN Inc has always exceeded our expectations. Nicole Boileau is a very knowledgeable, friendly and very responsive to our needs. SPN Inc has demonstrated a commitment to assisting us with streamlining processes and enhancing our overall functionality of our ERP system

I strongly recommend The Solution Provider Inc as a Sage Business Partner to all First Nations across Canada.

Sincerely,

Tammy Saulis, CAFM
